Spring is in the Ayr!

Our doors open on Saturday May 1

Come see what's blooming...

We have all you need to get your garden growing!

★ What's New for 2010: ★

Lilac 'Bloomerang Purple'- this revolutionary lilac will rebloom!
Blooms in spring like traditional lilacs, then after a rest period will
continue to bloom late summer-fall giving you 2 seasons of color!
Compact, mounded habit fits nicely in any landscape.

Hydrangea 'Invincibelle Spirit'- a new 'Annabelle' type hydrangea with continuous pink mop-head
flowers from early summer until frost. Very hardy, this adaptable variety will thrive in full sun to shade.

Shasta Daisy 'Banana Cream'- 4" flowers open lemon yellow then brighten to a light butter yellow as
they mature. This 12-15" compact plant is a vigorous grower with many buds to insure summer-long bloom.

Gazania 'Big Kiss' series- these vigorous sun-loving annuals have extra large blossoms on bushy,
well mounded plants. 'White Flame' has white petals with a rose stripe, and 'Yellow Flame' has yellow petals
with a vibrant red stripe.

Pennisetum 'Fireworks'- This annual grass is a new variegated strain of Purple fountain grass with
leaves that are white, green and burgundy striped. Large reddish-purple arching bottlebrush plumes in late
summer- fall. Outstanding in containers!

Petunia 'Pretty Much Picasso'- unique flower color makes this a one-of-a-kind. Deep magenta-
purple blossoms are ringed with lime green and white. Great addition to containers and mixed planters!
